LAUNCH CONCEPT

Unicorn Viz x DJ Unicorn Tears premieres as a unified brand story: future-club sound, high-impact visuals, and direct fan ownership.

NARRATIVE

The beat is not just heard, it is designed, performed, and worn. The premiere turns every channel into one coordinated experience.

PRODUCTS AT LAUNCH

- Free starter visual pack and teaser music drop.
- Premium launch visual pack with advanced FX and show presets.
- Limited premiere merch capsule: posters, hoodies, core apparel.
- Membership tiers for early access, behind-the-scenes, and exclusive sets.

Priority stack: custom website with embedded Printful and native digital checkout. Fourthwall can be used as a fast fallback if timeline pressure spikes.

INDEPENDENT ARTIST PATH

Use a distributor to publish independently to major platforms. Evaluate DistroKid, TuneCore, and CD Baby first, then lock metadata and pre-save flow before premiere week.

90-DAY STRATEGY

- **Pre-launch (30 days):** teaser campaign, profile setup, landing page capture, creator outreach.
- **Premiere week:** world-premiere livestream, daily short-form cuts, launch bundles, merch drop.
- **Post-launch (90 days):** weekly drops, biweekly live sets, recurring membership funnels.

REVENUE MODEL

- Streaming royalties + direct digital downloads
- Premium Unicorn Viz drop-ins and visual packs
- Merch gross margin through Printful-integrated storefront
- Membership and patron tiers with recurring monthly revenue
- Sponsorship and partnership packages after traction phase
